

Platine Noirée

Product Release

Features

- Luxurious multi layer piano black lacquer finish
- Slim modern living design, perfect for plasma TVs or homes with limited space
- Biampable towers and center channel
- Patented SLAPS (Symmetrically Loaded Audio Passive System) (towers and center channel only)
- CNC machined aluminum bass feet for the towers
- Universal hanging mounts for: PN-1411, PN-2421 and PN-2515
- Electro plated, poly cone body woofers
- 1" enhanced line action silk dome tweeters (1.5 silk dome tweeter for PN-2515)
- Gold plated binding posts
- Biampable (towers & center channel only)
- Low mass super fast poly injection cone bodies for enhanced accuracy

What The Robb Report Had To Say:

"SLAPS works wonders—I have never heard slim tower speakers like these produce such pure, deep bass."

"Stereo music sounds great, too; the speakers conjure up a warm, pleasing tone that suits rock, jazz and classical music equally."

"overall, the sound seems wonderfully balanced and well-suited to any music or movies I play."

"Having seen Platine Noirée only in photos, I am unprepared for its visual impact. I examine the quality of the finish, looking for telltale imperfections that often accompany such ambitious aesthetics, but I find none."

By Brent Butterworth, Robb Report Home Entertainment Magazine

Different, Superior, Elaborate, and Majestic

The PN-4521 floor-standing speakers are the *piece de resistance* of the Platine Noirée system. They are made differently from any other loudspeakers both inside and out. Access to the best technology and precision tools allowed Earthquake Sound to combine superior cabinet materials, the most elaborate crossover components available, new driver materials, and top-grade copper cabling into one majestically designed package.

The Platine Noirée home-theater speaker system includes two PN-4521 main tower speakers, a PN-4421 center speaker, and two PN-2421 dipole surround speakers. The Platine Noirée line comprises four models, which can be combined to create anything from a tiny bedroom stereo system to a complete home theater speaker package.

Platine Noirée whole 7.0 Surround System M.S.R.P.: \$5996.00
